Wild Center Membership is a great value with only a few basic rules:

- A Membership belongs to a single household – there is no shared-ownership between two or more households, as the membership database accommodates only one household address.
- Up to two members are listed on a member card, both in the same household.
- At least one member should be present, and is included in the total adults admitted free each visit.

Those restrictions are common to most museum memberships, while The Wild Center is more flexible than most in terms of who can accompany you on your membership visit:

- Any of your children and grandchildren through age 17 are admitted free on each visit.
- The other adults admitted as your guest(s) do not need to live in your household, or be related to you.

Summary of Benefits by Membership Level:

Individual \$50

- admits one adult
- one-time use, FREE Admission pass, not available same day as purchase
- 1 named adult on the membership

Family \$95

- admits 2 adults and related children / grandchildren thru age 17

Family Plus \$150
