

# Caddis Fly Camouflage Challenge:

Caddis Fly Larvae use their incredible **Camouflage** to blend in with the stream bed to stay safe from predators. **PRINT** this sheet to **COLOR** your very own caddis fly larvae to **HIDE** somewhere in your home.

## You may want to include:

- Colors of your chosen background
- textures or patterns of the background
- try gluing items to your caddis fly to help it blend in like they do in the wild.
