

Animal Care Department

2025 Year-End Report

**Staffing and Team
Development**

**Animal Collection
Updates**

**Facilities and Future
Growth**

Volunteer Training & Education

AmeriCorps volunteers

- Built skills in safe animal handling and interpretive programming
- Expanded educational reach while maintaining consistent welfare standards

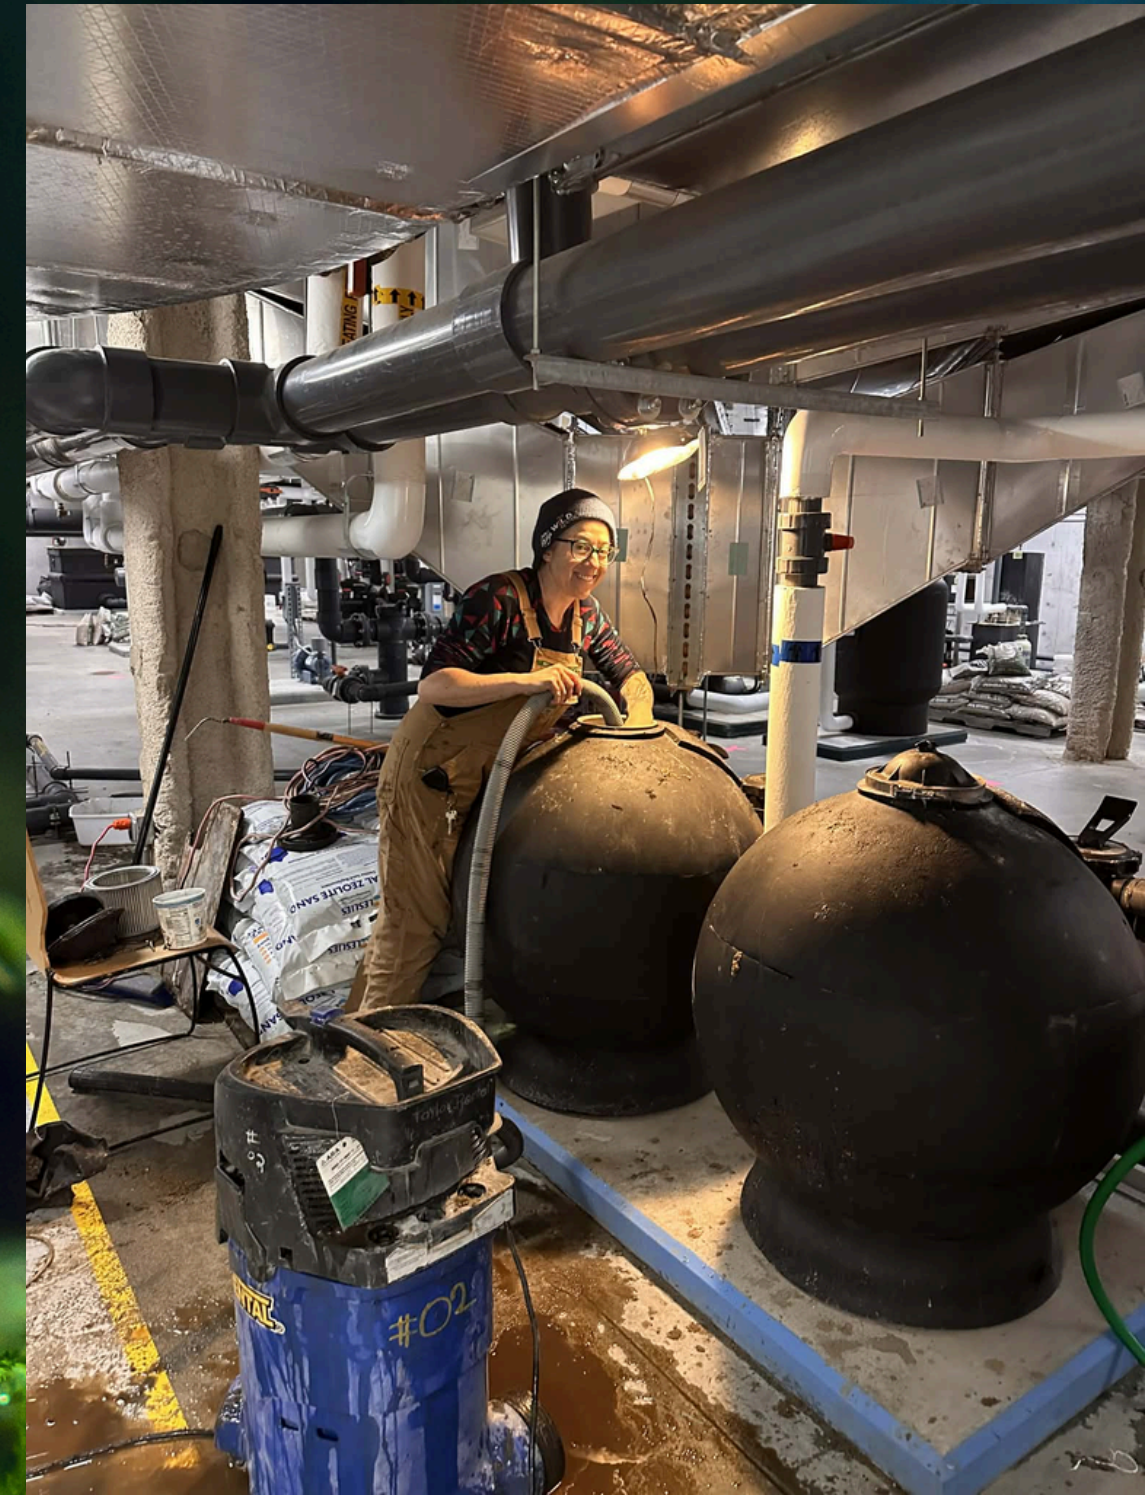

Animal Collection Updates

Facilities & Systems Improvements

Maintained and improved life support systems for animal habitats

- Replaced sand in existing sand filters
- Improved water quality and system reliability

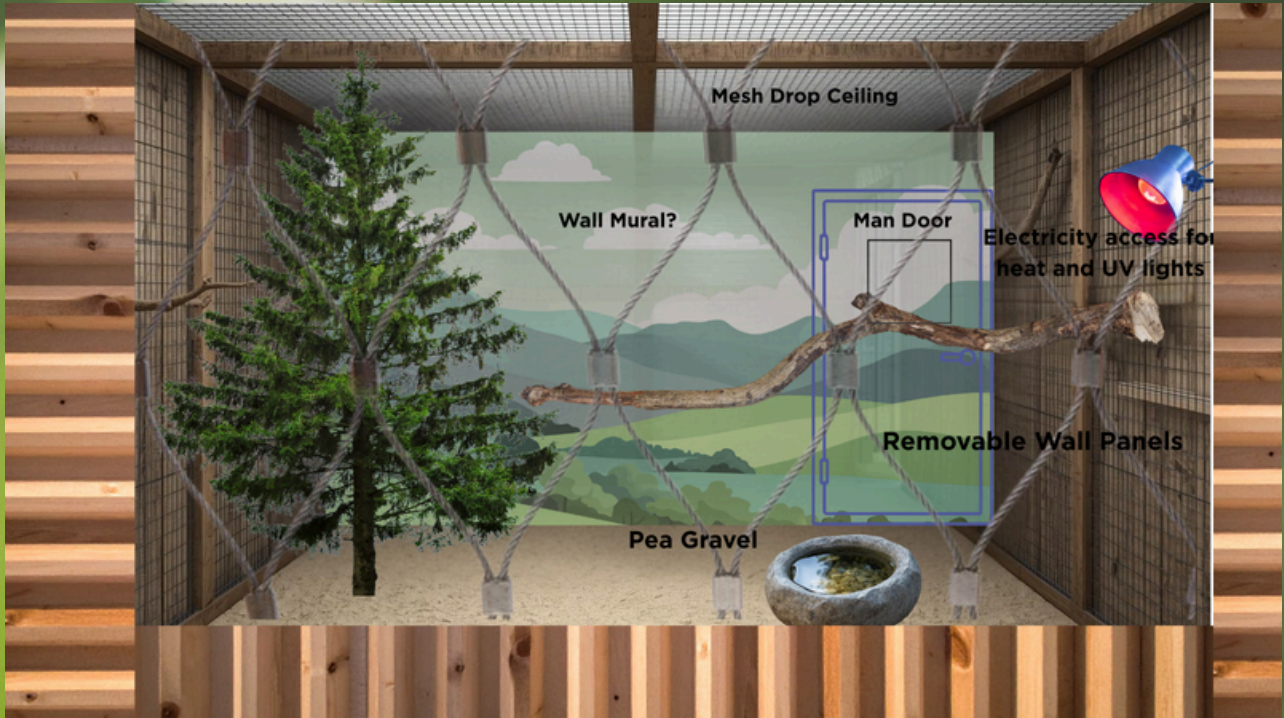

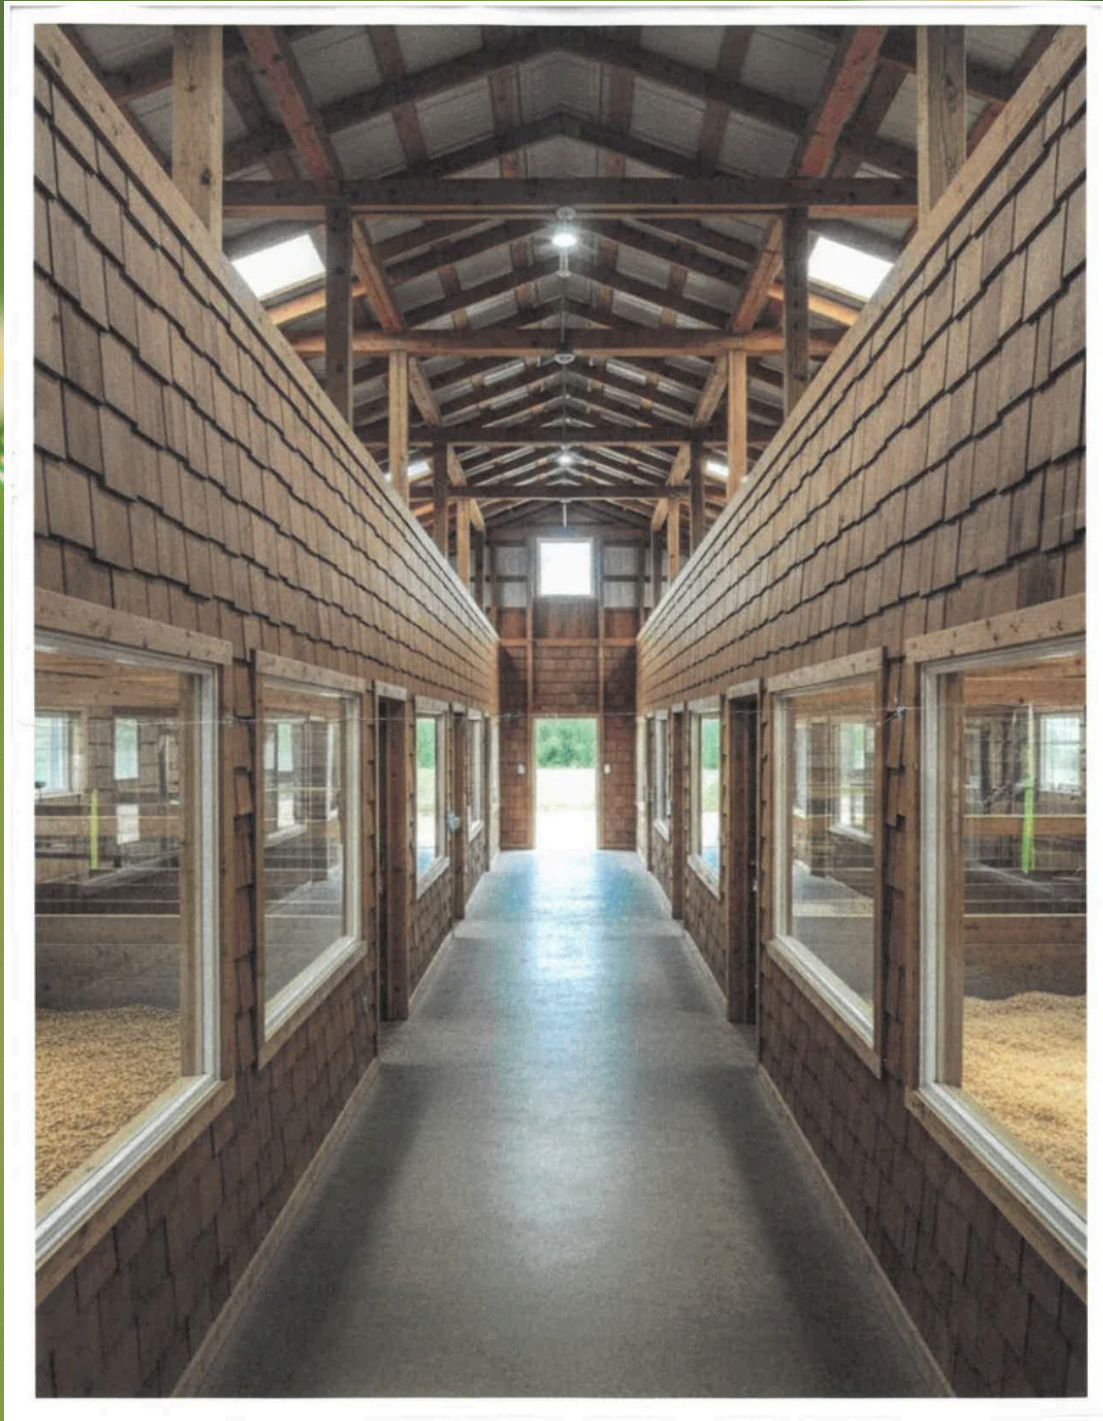

Planning for Long-Term Sustainability

Identified equipment in need of future repair or replacement

- Improved capacity for consistent routine maintenance
- Focused on long-term animal health and operational efficiency

New Animal Building: Major Milestone

Thank You!
