

Welcome to the Climate Action Hub, a tabling fair where you will have the opportunity to meet some of our workshop leaders, learn about local climate solutions, and connect with regional organizations who are taking bold action on climate change! Whether you want to learn about conservation, engineering, student-led projects, or get inspired for your next climate action project, you will leave the Climate Action Hub with new ideas and perspectives on how you fit into the climate change movement. This year, we have 25 tablers who range from outdoor recreation to energy efficiency. No matter who you are, you will find people and organizations to guide you on your climate journey. Check out the organizations attending below!

- **Adirondack Council** - *Advocating for the Adirondacks*
- **Adirondack Food System Network** - *Food Justice in the Adirondacks*
- **Adirondack Land Trust** - *Conservation Values*
- **Adirondack Sky Center & Observatory** - *Light Pollution - Save Our Night Sky*
